Bálint Farkas Executive chef:

Master Chef Bálint Farkas is an award winner at countless international and local competitions. „I wish to continue as a devoted believer in authentic Hungarian cooking, along with preserving the traditions of the Múzeum Kávéház és Étterem. My goal is to provide total satisfaction to our dear guests, by offering seasonal specialties, sourced from domestic producers. During my earlier position as executive chef at the Spirit Thermál Hotel in Sárvár I have proven my commitment to these precepts.

We have also matched our foods with the best that local winemakers can produce, along with a unique variety of palinkas, according to my personal recommendation.”
